ABOUT EZVIZ

EZVIZ helps you app your life. Right from the palm your hand, you connect visually to your home or your work. Welcome to the smart home and business!

FEATURES

ALWAYS CONNECTED. ALWAYS SAFE.

The C2Cube camera has 24/7 HD live streaming. Don't miss a moment of what's happening. Check the app whenever you want.

SMALL LENS, BIG VISION

The 115° angle gives you a wide view of the room. It feels as if you're physically there.

STATE-OF-THE-ART MOTION DETECTION

The C2Cube has a PIR sensor. This means it detects infrared wavelengths emitted from people or your pets. The Passive Infrared (PIR) Motion Detection guarantees you a higher level of accuracy.

SEE WHAT'S HAPPENING, EVEN IN THE DARK

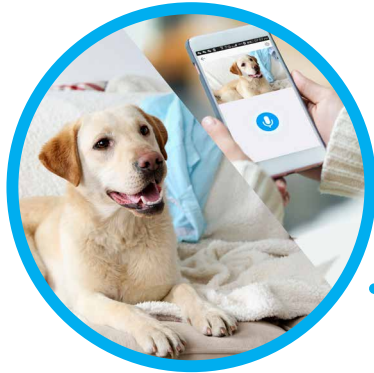

The camera automatically switches to night vision when it's dark. You can watch over your baby's sleep without making any noise or check your store or office during the night.

DOWN TO THE LAST DETAIL

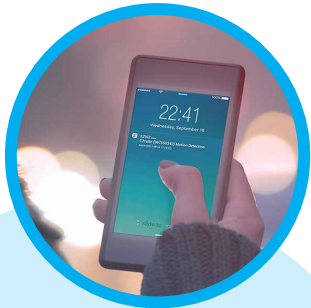

Thanks to the 8x digital zoom, you can zoom in on every detail.

FEATURES

LISTEN IN AND TALK

The C2Cube comes with a built-in speaker and microphone. Just open the app and listen in or talk to the room using the speaker when there's an intruder or the dog's sleeping on the sofa.

ALWAYS UP-TO-DATE

Whenever movement is detected, an instant alert is sent to your mobile phone via an app notification. Know what's happening when it's happening.

STORE AND SHARE IMPORTANT MOMENTS

The camera has an integrated micro SD card slot that supports up to 128 GB of storage. Ideal to keep a funny video of your toddler. You can also store the pictures and videos on the EZVIZ wireless NVR X3 video recorder.

INTEGRATED EZVIZ SOLUTION

The C2Cube connects with all EZVIZ sensors (for pets, sirens, water leaks, doors and windows). All-round security at your fingertips.

ONE APP DOES ALL THE WORK

With the easy-to-use EZVIZ app, you can view up to four live video streams at the same time. You can connect all your EZVIZ security devices on one and the same app.
